## Overwork Killing Us

In the Great Struggle for Wealth and Position We Are Becoming Weaker Than Our Forefathers.

By the cares of business and social life we use up or waste away the most vital elements of the human body before we realize our weak and run down condition. It seizes on us so quietly at first that little or no attention is paid to the symptoms, which commence with a queer, bewildering sensation in the head, later the power to concentrate the thoughts, so necessary to brain workers, is lost. Following this will come deficient sight or blurred vision, muscular weakness and a dull pain in the small of the back. There is a tendency to tire easily; the digestion becomes impaired; the temper irritable; spirits depressed, ending in complete lack of confidence and a general feeling of disgust at our own weakness. When the blood and nerve forces have been wasted by disease, overwork, worry, brain-tire, high living, dissipation or other bad habits, Dr. Chase's Blood and Nerve Food rebuilds the system by replacing the same substances that have been lost. Price 50 cents. Sold and guaranteed by E. A. Brown.

### DESERVES SOMETHING BETTER.

Groton Contemporary Tella of Barre's Need in Depot Line.

Barre wants a new railroad station and she ought to have it. The two little dingy, dump affairs that are now termed "stations" look among the fine blocks, elegant residences and tidy streets of Barre like garbage piles in a flower garden. The Central Vermont and Montpelier & Wells River railroads that now run into that city, have received revenue enough from that live, bustling and most progressive city in Vermont, to erect a building as elegant as the Union station. If these roads haven't pride enough to do this they ought to pull out and let in a road that will.—Groton Times.

The boilers were fired on Saturday last and the engineers are expected here today to set the engine. Moody & Almon have already had applications for their power by corporations who intend to start new industries here this spring.

The annual village meeting will take place on next Tuesday, April 4, at village hall at 7:30 p. m. There appears in the warning an article to see what action the village will take in having a water system installed either for domestic, sanitary or fire purposes, also to see whether they will continue to buy their power for lighting purposes and sell their plant or whether the electric plant shall be rebuilt.
